

CUSTOMIZED KAYAK TRIPS

We design **custom sea kayaking journeys** for small groups, circles of friends, and clubs who want to explore exceptional waters at their own pace. Each trip is carefully tailored to the group's experience level, interests, and sense of adventure, combining paddling, nature, culture, and local flavors.

Our destinations include some of the most stunning coastlines and lake regions in **Italy and Switzerland**: the dramatic cliffs and colorful villages of Liguria and the Cinque Terre, the wild beauty of Sardinia,

the volcanic shores of Sicily, the calm elegance of the Italian lake region, the rugged coastline of Corsica, and the timeless waterways of Venice and its lagoon. In Switzerland, we paddle across crystal-clear alpine lakes as well as lakes framed by historic cities and mountain landscapes.

These journeys are about more than kayaking—they are shared experiences, authentic exploration, and unforgettable days on the water.
